### POLITICS IN FAYETTE.

A Morgan County Man Leading for Representative.

Speculation anent the race for the Legislative seat from the county is always ready intense, and the wires are already being pulled by the aspirants in the field.

One feature which has developed is the fact that no avowed free silver candidate has thus far announced himself. This is significant, considering the fact that Fayette adjoins the home of the champion of free silver, and is the of a so-called bimetallic club, organized and operated in the interest of the white metal.

The race, as made up, is a triangular affair, the aspirants being Squire Gordon, Judge Perry, and it is also stated Hon. Hart Gibson, the incumbent. Of the lot it is whispered in political circles that Squire Gordon is friendly to McCreary, a fact which renders his position on the currency question a trifle complicated. On the other hand Judge Perry, who achieved considerable prominence during the Blackburn-Williams race, declares for no senatorial candidate. Judge Perry says that he will make the race without affiliation to any candidate and will vote for the man the county instructs for, if such should be done.

Judge Perry is already bustling things and says that he will win. While C. G. Gibson has not yet made a public announcement, it is thought that he will be a candidate for reelection. As to his senatorial predilections nothing is known. The fight promises to be a warm one, and a horse race from the start.

Squire Riley is making a hot race for the seat from the city, and thus far has no opponent. In Mr. Riley's word it is said that he has already invited the Owens and Breckinridge factions, and is rapidly perfecting a winning organization. Hon. Horton Moore, who has been mentioned as a possible candidate, says that he has not yet made up his mind to make the race, but is considering the matter.

The story which has been going the rounds to the effect that the Republicans did not intend to place candidates in the field is without foundation in fact and the story is believed to have originated in the mind of a Republican plotter, who expects to catch the Democracy napping. The Press-Transcript has it straight that candidates for both the seats from

county and city will be contested by the Republicans.

The fact that a line of candidates will be sprung by the Republicans in both city and county forces the belief that the Democracy requires strong nominees.

The Republicans intend to make a fight to capture the next legislature, and the fact that in 89 counties the G. O. P. elected twenty judges at the fall election gives them ample grounds for their boast. County judges are in positions to at least prevent the nominees from getting the hot end of the deal, and taking everything into consideration the situation is such as to demand good, strong nominees. John W. Lewis is the man whom the Republicans have centered on as their candidate for the senate in the event that they carry the legislature, and movements in his interest are already being made in different parts of the state.

The fact that hot fights will be made in every county for the seat in the legislature, forces the fight to center on the currency question. While the state officials cannot directly effect legislation on the money question, the senator elected will be the man who votes to defeat an honest dollar or uses his influence to elevate inflated currency, and notwithstanding the desire of Col. Clay to eliminate the currency from the state fight that issue will be the one on which the campaign will and is being made.

The Courier-Journal and Post have declared they will not support a candidate who is in favor of free silver, and in this action they are supported by similar declarations of many of the sound money papers in the country towns. In the event that a free silver nominee is selected, then the Democracy will be without the support of the press of the state. The Republican convention will formulate a platform declaring straight-out for the gold standard, or practically that, and in the opinion of well-known politicians the selection of a free silver man means the loss of the state.

Many threats are being made against Carlisle for his invasion of the state in the interest of sound money, and the remark made by an old colored man who knew Carlisle during his services in the house summed up the situation when he said:

"An' Marso Blackburn and Mugab Harding an' Cannel Brown cum lippyty clip, lippyty clip down de Kaintucky rode, but dey wunt be so white ef dey go buckin' up agin de ter baby."—Lexington Transcript.

### "BAD TOM" SMITH

Attempts to Saw Out of the Breathitt County Jail.

JACKSON, Ky., May 27.—Jailor H. W. Centers, who has charge of the new Breathitt county steel jail here, has very fortunately just discovered and foiled a well-planned desperate attempt to escape made by "Bad Tom" Smith, the murderer of Dr. J. E. Rader, who will die on the scaffold on May 31, and of several other men who are now confined, together with Catherine McQuinn, Smith's accomplice, in the structure.

The hopes of Smith were shattered by a fellow prisoner who was serving out a small sentence. The man slipped a note to the jailor at meal time on which was written the words: "Smith is trying to escape. He has saws in his cell."

When the surprised jailor read the note he lost no time in searching the cell of the prisoner, and after some time discovered neatly hidden in an air tube a saw frame about 8 inches long and a half dozen of the finest steel saws. A careful examination of the cell bars was then made. It was found that two of the bars which extend the height of the cell and are about 8 inches wide by 1/2 inch thick had been sawed near half in two, and the holes neatly stopped up with soap. The idea evidently was to await a favorable opportunity to complete the job. The desperate man struck a snag, however, when he penetrated the outer covering of the bars. This is of soft steel and is about a quarter of an inch thick. Inside the bar is of chilled steel, which is guaranteed to resist the sharpest saw. Whether Smith would have succeeded in completely sawing through the bars is a question which he did not have a chance to solve.

To make matters worse for him, the man who succeeded in getting the saws into him has been discovered and arrested, and is now occupying an adjoining cell to that of "Bad Tom" Smith. This man is Ike Montgomery, and his father, Elbert Montgomery, is also in this jail awaiting a re-trial for the murder of Tom Jackson, of Magoffin county.

### This Explains Itself.

WILMORE, Ky., May 21, 1895.

To my friends in Menefer, Wolfe, Morgan and Breathitt counties: This will introduce to you my friend and brother, Logan Gordon, who goes to preach among you this summer, by order of the board of the church.

His mission I know will commend him to all christian people, and I trust his coming will prove both pleasant and profitable to you, and be the means of a blessing on your homes and churches.

May I not ask your assistance in keeping him in his work, with the promise and assurance of a glorious reward when you and I come to the judgment seat of Christ.

Praying God's richest blessings on your homes and churches, I am your brother servant,

### A Great Religious Revival.

A great religious revival has been in progress at the Caskey school house since the 21st and continues up to date with marked interest. Elder J. T. Pieratt commenced the meeting on Tuesday night, and continued up to Saturday night when he was compelled to leave to meet his previous appointment, but Bro. Ed French filled his place on Saturday night and gave a nice talk on the price of our salvation. Then on Sunday night Bro. Pieratt was met by Eld. A. B. Stamper, who has been working with him since that time.

The people in this section have manifested an unusual interest such as has never been witnessed in this part of God's moral vineyard. There has been up to this time 18 new converts, all of which have been baptised. The number so far that has reclaimed is 15, and two came forward to take membership with the Christian church, making in all who has reclaimed, been baptised and taken membership 35. Just when the meeting will close we are not able to state at this time, but from the interest manifested at present it will not close until there will be on in the whole community left to advocate the cause of Satan. We contribute the success of the meeting to the fact that Oshing has been held up to the people like him crucified.

The protracted meeting commenced at Daysborough the Sunday in June by Elders A. B. Stamper and J. T. Pieratt, and perhaps others during the meeting. All are invited to attend.

### A Mountain Romance.

Young Lochinvar Elsie, who was "cropping" with a Mrs. Blevins, of Morgan county, played the leading role in a mountain romance last week. Lochinvar won the hand and heart of the widow's fair daughter and with their effects they betook themselves to West Virginia to have their fortunes joined together. But they were surprised on their way by an officer, who arrested the groom-to-be for kidnapping, and accordingly brought him before a court of justice. The irate mother turned a deaf ear to the pleadings of the young couple and it was not until a legislative candidate appeared on the ground as a go-between with messages of peace that harmony was restored. Ere the honorable justice called the case the good natured mother had a written obligation in her hands to the effect that the kidnaper would plow her corn according to the aforesaid and he pressed next his heart a marriage license. A preacher was brought forthwith and thus was made two minds with not a single thought, two hearts that beat as one.

On account of the death of Secretary Graham, Secretary Carlisle canceled his appointment to speak at Louisville Wednesday night and has returned to Washington. He will return next week and speak in Louisville and two other points in the state.

When it is remembered that his life and fortune and the fortunes of many millions of dollars annually, it becomes a matter of serious regret. Such a decision will hardly be held to be final.—Lexington Press-Transcript.

**Gold Demanded for Goods.**

One of the results of the free silver agitation, already apparent, is the action of the wholesale dealers and importers in sending bills of goods payable in gold. Several of our merchants have received these statements. Just now silver and gold are equal, but it shows that these far-sighted business men know that these metals will not be equal long if the free silver men have their way. Of course if our merchants have to pay gold for their goods they must sell for gold or put the prices high enough to cover the difference in the value of the two metals.—Winchester Democrat.

**Rev. Capps in Jail.**

At the preliminary trial of Rev. Mr. Capps, at Mt. Vernon, Ky., who brutally attempted the life of his wife a few days since by shooting her four times, bond was allowed in the sum of \$3,000 to await the result of his wife's wounds. The prisoner was unable to make the bond and was remanded to jail.

On account of open threats at lynching, a guard has been placed at the jail. The prisoner has been attempting to use the plea of insanity, but with poor success. In the presence of officers he talks wildly, but when they are gone he appears as rational as he ever did.

**The Hon. M. C. Alford.**

It is rumored about town that as soon as Lieutenant-governor M. C. Alford, who has gone to Memphis, Tenn., to attend the sound money convention, returns, he will announce himself as a candidate for the Democratic nomination for governor.

Mr. Alford is an enthusiastic sound money man, whereas Messrs. Hardin and Clay are free silver men. His entry into the race will give many a Democrat a chance to vote, for with only Hardin and Clay to choose from, the sound money Democrats don't feel making any part in the squabbling between two free silver men.

Mr. Alford is a very popular man, and knows the ins and outs of the game of politics very well. In the bluegrass where there is apparently much dissatisfaction with the two gentlemen now hustling for the nomination, he is sure to have a strong following.

It is hinted by some political prophets that Mr. Alford will take a conspicuous part in the sound money convention at Memphis, with the idea of rallying the sound money Democrats of Kentucky around his standard.—Lexington Leader.

**Take to the Bushes.**

Kentucky Democrats have the alternative of hanging together now or being hanged separately later on by Buccaneer Bill Bradley. With such a prospect ahead it isn't a very good time for a free fight at the forks of the silver road. Better take to the bushes in a body and blaze out a new marching ground.—Paducah News.

**The Income Tax Unconstitutional.**

The result of the litigation about the income tax has been reached in a way to excite regret. Thirteen judges heard it, the judge of the supreme court of the District of Columbia, who decided that the law was unconstitutional; the court of appeals of the District of Columbia, consisting of three eminent judges, who unanimously upheld the law; the supreme court of nine justices, of whom five voted to sustain the law, but one of the five changed his vote, and this changed vote was decisive, and thus the law is declared unconstitutional. This is a curious result of a very great and perhaps vital controversy upon such a question, involving such powers and having such consequences, that it should be decided by the vote of a changing—of one who voted both ways. And

when it is remembered that his life and fortune and the fortunes of many millions of dollars annually, it becomes a matter of serious regret. Such a decision will hardly be held to be final.—Lexington Press-Transcript.

Dear Sir:—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago today I commenced using your preparation, and today I consider myself completely cured! I am in perfect health, and the horrible craving for tobacco, which ever inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it. Yours very truly, C. W. HORSICK.

## CHEMISTRY OF TEARS.

Are Saffy, but Design the Poets,  
Not in the least bitter.

Tears have their functional duty to accomplish, like every other part of the body, and the lachrymatory gland is not placed behind the eye simply to fill space or to give occasion to emotion. The chemical properties of tears consist of phosphate of lime and soda, making them very salty, but never bitter. Their action on the eye is very beneficial, and here consists of their prescribed duty of the body, washing thoroughly that sensitive organ, which allows no foreign matter to do the same work. Nothing cleanses the eye so good as a good, salty shower bath, and medical art has followed nature's law in this respect, advocating the invigorating solution for any distressed condition of the optics. Tears do not weaken the sight, but improve it. They act as a tonic to the muscular vision, keeping the eye soft and limpid, and it will be noticed that women in whose eyes sympathetic tears gather quickly have brighter, tenderer orbs than others. When the pupils are hard and cold the world attributes it to one's disposition, which is a mere figure of speech, implying the lack of balmy tears, that are to the eye as what saline is to the skin or nourishment to the blood.

The effect of tears on the skin about the eyes, however, is irritating and inflaming. They keep the epidermis in a dark, puffy condition, and in legends only do weeping women preserve the beauty of their great white lids. The reason some women weep more easily than others, and all more readily than the sterner sex, has not its difference in the strength of the tear gland, but in the possession of a more delicate nerve system. The nerve fibers about the glands vibrate more easily, causing a downpour from the watery sac. Men are not nearly so sensitive to emotion; their sympathetic nature—the term is used in the medical sense—is less developed, and the eye gland is, therefore, protected from shocks. Consequently, a man should thank the formation of his nerve nature when he contemptuously scores tears as a woman's practice. Why facial distortions should be the usual accompaniment to the sobbing of the gentler sex, there seems no satisfactory solution. It may be that the nerves, which lead to the muscles as wires to marionettes, twitch and pull them in this fashion while they are at work emptying the tear glands of their contents. That the copious shedding of tears "which breaks the ice-bound fetters of the heart" is a healthy action all physicians assert. In some cases it is even thought to avert insanity. Even here the reason is scientific, for it is a relaxation of the brain nerves from a tenseness that was congestion. Between man and monkey there is this essential difference of tears. An ape cannot weep, not so much because its emotional powers are undeveloped as the fact that the lachrymatory gland was omitted in his optical make-up.

**Arrested for Shooting Mont Deskins.**  
Robert Alept and his son Daniel, and Ben Clemons were arrested and taken to Salersville on the 22nd inst. charged with shooting Mont Deskins from ambush, and were held in bonds of \$1,000 each to appear at the next term of the Magistrate's court. Robert Alept engaged Deskins and his wife in conversation in the middle of the road, and the other shot from the brush also by. One ball grazed Mrs. Deskins' head and the other ball struck Deskins in the left breast, ranging downward. It is thought he will die.

## The Currency Question.

The leaders in the Democratic party are making a dividing line on the currency question that presents an uncertain future for the party in Kentucky. There is more money in the United States today than at any previous time. It is interchangeable, and has an equal purchasing power. This money is issued by the government. The gold and silver bullion are now purchased and coined by the government, and every dollar is paid out by authority of law. The gold bullion in every dollar is worth one dollar in all the markets of the world. Not so with the silver dollar, which is only worth fifty cents, bullion value; but as it is coined into silver dollars and issued by the United States government, it will always be received at its full face value within that jurisdiction.

The advocates of free and unlimited coinage claim that the hard times are caused by a shortage of money, and that the opening of the mints to the silver mine owners on an equality with gold would produce money sufficient for the business of the country, and that we would return to prosperous times immediately.

What the election of a state ticket in Kentucky has to do with this monetary question is a matter of a loss to know; but it is now a campaign question that will not down, even if it destroys the cohesive power of the Democratic party in the state. Congress will meet next December, and it alone has the power to pass law providing for the coining of money.

The gold and silver standard adherents are divided as two parties. Both claim to desire sound money, yet their votes will have nothing to do with settling the question.

Mr. Carlisle has opened the campaign for the present standard, defending himself and his party from the many assaults made upon them; but after all, the party may be wrecked by the madness of men seeking political ambition.

The people of Kentucky seem to favor the free silver idea; but the word "free" has scorned many an advocate, just as "sound money" will carry many a follower into its ranks. The party leaders are leading the voters into divided ranks, and a maddened populace of both farmers and business men are denouncing each other so bitterly that Democratic success is in doubt. What the future will bring forth no one can tell, yet all hope for a medium ground for sound money may be reached upon which each and every Democrat can go hand in hand to success in November.—Western Argus.

TRIMBLE BROTHERS, WHOLESALE & GROCERS, MT. STERLING, KY.

HAZEL GREEN, KY.  
THURSDAY, May 30, 1896.

The exercises at the academy commencing on Saturday evening, June 1st and closing Wednesday evening June 5, promise to be the most entertaining and profitable ever given in this place. Our school has grown in numbers and usefulness ever since the present management has had charge of it, and today the C. W. B. M. throughout, not only Kentucky, but throughout the United States, write in words of praise and thankfulness for the work done here and the good accomplished. And, too, hundreds of young men and women in Eastern Kentucky are strong in words of commendation for what they have received at this institution of learning. Many of its former pupils occupy places of trust and honor, and not a few secure and teach the best public schools in this section of our state. There will be three graduates this year, viz: B. F. Quicksall, of this place, J. S. Adams, of Magoffin county and S. M. Nickell, of Morgantown county. These worthy young men will deliver their "graduating orations" Wednesday morning, June 5th. Mr. James H. Swango, known far and near, will deliver the address to the graduating class and Mrs. A. M. Harrison, President of the Kentucky C. W. B. M., Lexington, will present the diplomas. Rev. W. S. Keene, of Winchester, will deliver the Baccalaureate sermon on Sunday morning, June 2. See invitation to the Methodist and Presbyterian churches in this issue from the teachers at the academy, cordially inviting them to hear this sermon. Everybody in town and the surrounding country and elsewhere, should also hear it. All will receive a hearty welcome. The declamatory and oratorical contests on Monday and Tuesday nights, will be about the best ever heard. The young men and women will contend for two handsome gold medals.

The entertainment by the school, Saturday eve June 1st, will evidently be the best ever given at the academy and no one should miss it.

The Hon. Walter Quinton Gresham, Secretary of State, died at 1:12 o'clock on Tuesday morning at the Arlington Annex in Washington, of a complication of pleurisy and pneumonia. Dangerous symptoms developed Monday afternoon, and it was at once seen that the end was but a few hours away. He was a soldier, a judge and a statesman. Eminent and distinguished in these three great fields of human endeavor, he rose to the rank of Major of volunteers during the rebellion. He was for fourteen years U. S. district judge for Indiana, and for eight years U. S. circuit judge for Illinois, and held three Cabinet portfolios of Postmaster General and Secretary of the Treasury under Arthur and Secretary of State under Cleveland. Mr. Gresham came from English stock. His ancestors moved to Virginia and later to Harri-

son county, Indiana, where he was born on St. Patrick's day, 1833. In 1853 his father was elected sheriff and the next year was murdered by a noted desperado whom he had gone to arrest. His mother was left a widow with five small children. Walter Q. was two years of age when his father was killed. He grew up with but two or three years' winter schooling until he was sixteen years of age. By dint of hard work and the assistance of his brother he succeeded in entering a seminary at Corydon. He was two years there and one at Bloomington University, where he completed his education so far as schooling was concerned.

The election for county officers in Lee county, Virginia, on the 24th inst. was an overwhelming Democratic success, the entire ticket being elected by a large majority. The county has been considered doubtful ever since the Mahone break in Virginia Democracy, until the late election, when she returned to her first love with her old time majority.

Those of our citizens who have been anxiously inquiring about the proposed railroad through our county, may catch a crumb of comfort in the following from the Lexington Transcript of Monday: "Work will begin on the new road extending through Wolfe county to the Morgan coal fields at once. A party of engineers arrived here yesterday from New York and will begin to survey the route immediately. The new road will connect with the Lexington and Eastern road and will be of incalculable value to Lexington in the way of attracting the trade of the country opened by the road to this city."

Elsewhere will be found the announcement of Robert G. Rose, of this county, who aspires to represent this district in the next general assembly of Kentucky. Mr. Rose is a true Democrat, endowed with a good deal of strong common sense and a fair education, and if nominated and elected will do all he can for his people. He is an all-round good fellow with mixing qualities and has a host of relatives that with his other personal and political friends will make him a strong factor in the fight for the place. With this introduction we leave his claims in the hands of our fellow-citizens and his constituents, feeling assured that whatever their decision in the matter he will abide by it.

At Zion's Mills, Lee county, Va., on the night of May 28, John Galoway, William Hodge and Frank Burton, young men, drank chloroform, mistaking it for alcohol, and died during the night. Medical aid was promptly summoned and everything possible was done to save the men. They are supposed to have been celebrating the county election, which took place the day before.

The News printed 5000 4 page, 4 column journal for Dr. Plake, from Saturday after dinner till the next Tuesday afternoon at 3 o'clock. The daily was gotten out and several other jobs in the meantime. This work was done by two men, Chas. E. Habicht and Stewart Steel. No office in the state can beat it. Doctor Plake said that it was the neatest work he ever had done, and he has had thousands of dollars worth of printing done, Newport (Ark.) News.

DANVILLE, KY., April 20, 1895.  
To the Democrats of Morgan and Wolfe Counties:

At the solicitation of many friends both in Morgan and Wolfe, who have given me much encouragement, and prompted by a desire (palatable, I trust,) to represent my district in the next general assembly, I have decided, after due consideration, to become a candidate for Representative, subject to the action of the Democratic party. I am now in the office of ex-Governor Proctor J. Knott, and a member in the senior class in the law department of Centre College. I expect to finish my work here about the 15th of May, when I shall return to my home in Wolfe county and personally solicit your support. Thanking the many who have so generously extended their best wishes toward me, and trusting that I may be found worthy of your consideration, I remain,

## To Make Pure Blood.

## In Agony

15 Years With Salt Rheum

Hood's Sarsaparilla Gave a Perfect Cure.

"C. I. Hood & Co., Lowell, Mass.: 'Hood's Sarsaparilla is an excellent medicine. I had sores in my leg for fifteen years. Part of the time my leg was one mass of sores, and about every week corruption would gather under the skin and the sores would almost kill me.'"

The itching and burning sensation made me suffer indescribable agonies. I spent a great deal of money for different remedies but did not get relief. About a year ago, leading Christian advised me to take Hood's Sarsaparilla. I did so and have taken five bottles. Now all the sores, scabs and pain have vanished and I am enjoying perfect health. I think Hood's Sarsaparilla is second to none and gladly recommend it to all suffering humanity."

M. L. Cheuvront, Leonard, Missouri.

Hood's Pills act easily, yet promptly and efficiently on the liver and bowels. 25c.

Rev. Robert Barrett, Louisville Baptist Seminary. Electropoise cured after all other remedies failed.

Rev. W. W. Bruce, Hustonville, Ky. Electropoise cured opium habit.

Rev. Geo. Means, Covington, Ky. In one night the Electropoise relieved brain congestion and vertigo.

**Tom Smith Gets More Time.**  
A. L. Hagins, circuit clerk, received official notice from the clerk of the court of appeals last Monday, that Tom Smith's appeal had been filed the 18th, and that the judgment against him was therefore suspended. This will defer the date of his execution. If the decision of the lower court should be affirmed, the governor will then fix the time. Word was carried to Tom that the papers did not reach the capital in time, and consequently his last hope was gone. He said he was prepared for the event whenever it came, though of course he was somewhat affected by the news.—Jackson Hustler.

Any one who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J. A. Stumm, 220 Bayle Heights, Los Angeles, over his fortunate escape from a siege of that distressing ailment. Mr. Stumm is foreman of Merriam's confectionary establishment. Some months ago, on leaving the heated work room to run across the street on an errand, he was caught out in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home, and on arrival was placed in front of a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment, and by morning was relieved of all rheumatic pains. He now takes especial pleasure in praising Chamberlain's Pain Balm, and always keeps a bottle of it in the house. For sale by J. M. Rose.

**Yaky Got His Money.**  
A young man from the country became involved in a row with two strangers at the circus at Ashland the other day, and thinking he was in danger he drew a pistol. The strangers immediately subsided, but another man, who wore a metal bar and claimed to be an officer,

arrested the rural rooster. Another stranger interfered and plead for the young man's release, which was finally agreed upon, provided the latter would give the officer \$20. He did not happen to have that amount on his person, and his new found "friend" advanced the sum and secured his release. The countryman immediately hunted up some acquaintances and repaid the loan. The whole affair occupied only a few moments, and the bunco artists were each \$5 ahead.

**Don't Stop Tobacco.**  
The tobacco habit grows on a man until his nervous system is seriously affected, impairing comfort, health and happiness. To quit suddenly is too severe a shock to the system, as tobacco, as an inveterate user becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872 without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking Baco-Curo, it will notify you when to stop. We give a written guarantee to permanently cure any case with three boxes, or refund the money with 10 per cent. interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day when you took your first chew or smoke. Sold by all druggists, with our iron-clad guarantee, at \$1.00 per box, three boxes (\$3.00's treatment) \$2.50, or sent direct upon receipt of price. Send six 2-cent stamps for sample box, booklet and proofs free. Eureka Chemical & Manufacturing Company, manufacturers chemists, La Crosse, Wisconsin.

### Heroism of a Woman.

"Do you so love him that you could die for him?" asked a spinster of a lady of whose engagement she had just heard. "No; but I love him well enough to live with him," was the bright reply. The following story is of an Irish lass whose love enabled her not only to live in the lonely Chicago lighthouse, but to save her husband at the expense of great suffering. This Chicago lighthouse is at a place called the Crib, two miles out in the lake, and surmounts the massive masonry at the entrance to the tunnel, which receives the water supply of the city.

One day in the early winter, says the Youth's Companion, the keeper was obliged to go on shore for supplies. A sudden storm prevented his immediate return, but he had no fear that the lights would be allowed to go out in his absence. Two or three days later, when the tempest had abated, though the sea still ran high, he made his way toward home as best he could.

His wife was ready at the window of the tower, and drew up his little cargo with a rope, which she lowered again for him. Just at that moment his boat was swept out from under his feet.

Slowly and more slowly he was drawn up, till finally he was at the window's edge, when a gust of wind struck him and tossed him back into the surging waters.

Again the rope was thrown him, and after a little he clutched it, and again up the side of that stone tower painfully and slowly did the little woman draw her husband, tossed back and forth by the wind.

Again he reached the window—a long, strong pull and he was safe. As he climbed into the room his wife fainted away, and he found her clothes worn through, where

she had braced her knees against the stone wall; her wedding ring was gone; her left arm was torn at the elbow.

When she came to herself, and they could talk together, she said that when he fell her ring was pulled from her finger and her arm wounded. "But," said the heroine, "you know that was no time to faint, and so I drew that rope up with my right hand and teeth."

### "Don't Tobacco Spit or Smoke Your Life Away."

The truthful, startling title of a book about No-to-bac, the only harmless, guaranteed tobacco habit cure. If you want to quit and can't, use "No-to-bac." Braces up nicotine-poisoned nerves, eliminates nicotine poisons, makes weak men gain strength, weight and vigor. Positive cure or money refunded. Sold by all druggists. Book at drugists, or mailed free. Address the Sterling Remedy Co., Chicago office, 45 Randolph street; New York, 10 Spruce street.

### Professional Courtesy.

In the hurry of newspaper work small but annoying errors creep into print, and none know this as well as editors, proof-readers and printers. There is an unwritten law among editors and writers of and for the press to let these little annoyances pass without mention, unless something peculiar or humorous is brought to notice. Very few of the old printers take pleasure in making errors or in referring to them in a discourteous way when made by others. Nothing is lost in dealing fairly and manly.

When any of our citizens visit Winchester, they will find the restaurant of A. Gundenger the best place in town to get a square meal, and they can save money by patronizing him. He also deals in confectioneries, fruits, cakes, etc., and can furnish fresh bread every day to parties who desire it shipped to them over the Lexington and Eastern railway.

BRING YOUR JOB WORK TO THE HERALD OFFICE if you want good work at reasonable prices.

James G. McCue, the bustling drummer for Trimble Bros' grocery house at Mt. Sterling, was the guest of W. P. Sample Monday night.

Mr. and Mrs. J. W. Childers returned home Sunday evening from Stillwater, where they had been to see Mrs. Childers' brother, Mr. James Landaw, who was just alive when they left.

Died, on Saturday, the 25th, at the home of her father, Jordan Wills, Mrs. Clara Sexton, aged — years. She was buried Sunday evening. She leaves a husband, three little children and a large connection to mourn their loss.

##### Lane Locals.

Mrs. G. R. Brewer has been on the sick list.

The recent frost did considerable damage to early vegetation.

"Jolly" George Lovelace, of Campton, is perambulating in this section collecting debts for Elkins & Congleton.

J. W. Congleton and wife, of Campton, recently paid the families of J. R. and Isaac Elkins a pleasant visit.

Mason Gibbs and Phelix Pence went to Jackson last week to trade with the merchants on a "free trade" principle.

Reva, Wm. Pence and G. W. Tyra preached, on the third Sunday of this month at the Spring branch school-house to a good audience.

The singing school, being taught by Logan Goss, after a session of ten Saturdays and Sundays successively, closed last Sunday, thereby causing many rosy, blooming cheeks to be bedewed in copious, loving tears.

On the 19th inst. a difficulty occurred between George Pence and Bruce Terrill, in which Pence inflicted wounds on the head of Terrill with a club. The law is the best club with which to settle difficulties.

John Graham says when it comes to the free silver question he is out of the ring, but when it comes to the "Nickel" question he is right there. John Graham will give you his views on the "Nickel" question when he goes to Morgan again. Harison Hurst says that the recent frosts and cut worms together have disgusted and disheartened him so by clipping his corn to the ground that he can hardly distinguish Boon fork from the Middle fork, and Big Frozen not excepted.

In my last letter Ison Watkins, whom I mentioned as shooting himself accidentally while drunk was shot by another man. Instead it was Jerry South who was drunk and did the shooting, and the devilment was done in Breathitt and not in Wolfe.

Revs. J. A. Sewell, H. B. Crawford and Legun Johnson preached on the third Sunday of this month at the Hunting Fork school house to a large gathering of people. Revs. J. L. West and Wm. Tyler preached at the same place on the fourth Sunday.

John C. Tolson and George Vaughn, of Campton, were the guests of J. A. Sewell last Thursday. The former has his eyes rather centered on a "Burkhart." John says there is a world of affectionate solicitude in her tender voice, and a light and loveliness in her face that she too well loves to gaze at. Take her in John, and I will buy all of the "pop corn" of you I can to enable you to get your license.

Thomas Holton, the big, witty hearted fellow who has been the conspicuous character of many thrilling romances of the heart, caused by "married off" lovers, has fell out with the "honey-bee" and contemplates occupying the parlor with a Tullies of your town, from this on to relate his fascinating, heart charming love stories. We cheerfully recommend Tom to the fair young belles as a gentleman of the trust. Dendurately type and worthy of their notice and most heart felt love.

Next Saturday will be school election, and school teachers will be swarming around the trustees like "bumble" bees. Trustees should be very cautious whom they give, for the training of pupils, for

the duties, responsibilities and obligations of life is the office of a school teacher. In the training of the young much more depends on what the teacher really is than on what he says. His words must bear the stamp of a true man. He must be a man of pure, sober, upright, unexceptional character before he is fit to take charge of a school for the purpose of instructing the young minds, otherwise the impressions he makes upon them will have a misleading influence.

We are authorized to announce Jonathan Holton and John Sewell as candidates for matrimony, subject to the action of the female party. Now girls, this is your chance. These two young men are worthy of your warmest sympathy and love. Girls, elevate them to the loving office of matrimony and thereby assert your appreciation for nice young men. Then will the stars that wander unwearyed through the blue abyss sing together a glorious jubilee, and the angels host of heaven will strike their fingers across harps of gold and start up the glad hosanna, glory to God in the highest, and the heart cheering words will echo across hill and valley. "All is happiness with Jonathan and John; all is happiness."

BRAD MATTOON.

DECATUR, ILL., May 23.—Mr. Editor: Thinking my Sunday-school friends of Kentucky would be glad to hear good news I will tell them that 2,000 Sunday-school workers and delegates are here in Decatur attending a Sunday-school convention. Last night a collection was taken for the State work and 1,700 was raised. This is the kind of work that is being done for the Lord in Illinois.
